Anna Di Giglio, Ancora su P. Oxy. LIII 3705.

APapyrol 33 (2021) pp. 91-103, figg.

Here are some observations about a problematic P.Oxy. LIII, 3705 (= MP3 1305.21; LDAB 2690), in which the verse 796 of Menander's *Perikeiromene* is repeated four times and on each line there is a vocal notation with presumed writing errors.
