Maria Nowak, Will of Apollos Daughter of Paesis from Oxyrhynchos.

ZSav 138 (2021) pp. 543-554.

The article is a re-edition of a papyrus published in the fourth volume of *The Oxyrhynchus Papyri* as a descriptum. It is a second-century will made for a female testator in Oxyrhynchos. One of the dispositions preserved in this text draws attention as it resembles the Roman *legatum per praeceptionem*, although the will was made for a peregrine.
