P. Lond. VII, 2056 and P. Tebt. III, 748-749 - undated, but attributable to the period 243/242 B.C. - allude to a journey of Ptolemy III in the nomoi Arsinoites and Oxyrhynchites. It has been suggested that this visit to Upper Egypt was part of his maiden trip. Suggests another explanation, reconsidering, in addition to the above mentioned three texts, also P. Hib. I, 82, 14-22. On the contrary, an evidence of the Ptolemy III's maiden trip is probably to be found in I. Philae I, 4.

Bull. 2023 537.
