

365 Gallus (Cornelius) 910.5

Paola Gagliardi, *Caligantem nigra formidine lucum*: Verg. georg. 4.468, la stele di Philae e un'annotazione degli Scholia Bernensia.

*Philologus* 166 (2022) pp. 194-209.

The term *formido*, very elegant as used by Vergil, *Georgics* 4.468, is significant and might have been part of the poetic lexicon of Gallus, as it appears in the Philae stele [I. Philae II, 128].
