Nikos Litinas, A Riddle, Wrapped in a Mystery, Inside an Enigma.

ZPE 227 (2023) pp. 145-148, fig.

Short note at the bottom of a metrema-receipt P. Oxy. I, 90 (= MP3 2747; LDAB 4737), interpreted as a cryptogram or a writing exercise. Probably a clue to authenticate the message written on the papyrus.
