Claudio Meliadò, Un βιβλιόταριον di Dionisio in P.Vindob. G. 39966?

Classica Vox. Rivista di Studi Umanistici 5 (2023) pp. 115-120, figg.

P. Vindob. Graec. Inv. 39966 verso (= MP3 2089.1; LDAB 4408; S.B. XXIV, 16328) preserves the most ancient list of books. Drawing upon prior research and a re-examination of the papyrus using high-resolution images, seeks to shed light on a particularly challenging section.
