Tobias Hirsch & Lorenzo Sardone, P. Gen. inv. 376 - Ein neues Fragment von Isokrates' Panegyrikos.

ArchPF 70 (2024) pp. 272-277, fig.

Edition of the yet unidentified P. Gen. Inv. 376 containing Isoc. 4.108-109. Remarkable is a variant in the margin (l. 26), which indicates a process of collation between different ancient textual traditions.
